National Tube Works in Possession of an Angry Mob.

Strikers Search the Buildings for Defenseless Nonunionists and Beat Them Unmercifully.

MEN HUNTED LIKE RATS

And Clubbed and Kicked Into Insensibility When Caught.

City Authorities Powerless in the Face of Thousands of Madder Rioters—Thirty-five Badly Hurt.

MCKEESPORT, Pa., June 5.—Never has this city witnessed such scenes of defiance of law and the inability of the authorities to cope with the lawbreakers to the extent of repressing lawlessness as have been enacted here to-day and are in progress to-night. At this hour the strikers are practically in command and the situation is a fearful one. The trouble grows out of the strike at the tube works, and the strikers have, since nightfall, outwitted the police, broken into the mill yards, and are making systematic tours of the works and their surroundings. The plant resumed in two departments to-day and about twenty-five men went to work. The news quickly spread, and by noon a mob of nearly ten thousand had assembled about the gates, awaiting the appearance of the workmen. Most of the men remained inside, but a few attempted to go to their homes and were caught by the mob and terribly beaten. They were finally rescued, however, by the police and taken back into the inclosure. The mob then dispersed in part, but towards evening reassembled, and by 6 o'clock probably five thousand men were massed in front of the entrance on Fourth avenue, and it was said that fully three-fourths of the number were foreigners. They were disappointed. At 6 o'clock the day turn did not come out and the night turn did not go in. There was a great load of provisions taken into the mill by the company, and a lone slave workman came out of the back way and tried to escape. He was seen, and a section of the surging mob broke off the main body and fell upon him, with yells that must have given him speed, if it was in him. The race covered several squares before he turned at bay. He was unable to run any further, and as he fully expected to be killed, he drew a knife and, without yelling pursuers, evidently determined to die fighting. The foremost pursuer paused a moment, but the rush came up behind them, and a dozen men with clubs sprang upon the panting fugitive. He was down in an instant, but officer Singer was close on the heels of the leaders of the race, and he jumped into the middle of the melee, with the fearful cry, "Halt! Stop! Stop!" a moment's hesitation. The officer and the fugitive were badly beaten, but help came and they were rescued.

At the mills the rioters surged around the entrances until 7 o'clock this evening, when a rush was made and they broke into the yards. The men were panic-stricken, and it was the rule of every man for himself. The rioters swarmed into the inclosure looking for hated nonunionists. Hundreds of them were equipped with clubs or weapons of some description. Then began a wild chase and pursuit of the hunted workmen inside. Several welders took to the river and made their escape to Milton township, pursued by crowds of strikers, and were finally chased off into the darkness towards Duquesne. The strikers were in complete possession of the place. They ranged over the grounds and finally routed ten hidden workmen. The poor fellows made a dash for freedom, but were cut off and surrounded, and the mob set upon them in a swarm and beat them shockingly. In the crush to get at the prostrate men one fellow was badly stabbed. It was the Homestead fight over again, with variations.

One man was found during the evening still in hiding in the mill yard, when the strikers were patrolling. In complete mastery of the works, the men made a dash for the street, and got inside the yards. He was pushed close by the pursuit and, in desperation, sprang into an electric car passing on the street. The strikers surrounded the car and the motorman tried to force it through the crowd. The trolley pole was pulled down and the car stalled. Then the fugitive was dragged out of the car and beaten and kicked into insensibility.

Another stowaway was found, his clothing stripped off, and he was kicked and beaten until he was unconscious. Then the assailants left him for a time and he managed to crawl into a store on Fifth avenue. He was unable to help himself, and it still there he sought refuge. So far as the authorities are able to learn nobody has been killed outright, but some of the victims of the mob's fury will probably die.

Up to this hour the strikers have refrained from destroying the machinery in the mills. As midnight approached the crowd decreased and comparative quiet now reigns. All the law-abiding people are indoors with the exception of the curious few who are willing to take the risks of watching the mob's work. For the rest, the strikers are virtually in possession of the town.

Thirty-five Injured.

MCKEESPORT, Pa., June 5, 1 a. m.—The situation at this hour is quiet but critical. In obedience to the Mayor's proclamation the strikers have dispersed. They are only under cover, however, and have every avenue of approach to the city under surveillance, as they are sure that new men for the tube works and additional officers will come in during the night. Pickets have been posted east and west and men are being struck along the river to give the alarm, as was done at Homestead. The tube works company officials are not dismayed at the work of their old workmen, and have posted notices that all employees who desire to return must do so before Thursday. At least thirty-five men were injured in the riot to-night, two of whom, the physicians say, will die.

2 a. m.—A bulletin from Bradock says: "Forty-three eastern deputies are in Bradock and more are coming. They will be in McKeesport before daylight, and may march in."

Will Not Send Troops.

HARRISBURG, Pa., June 5.—Adjutant-General Greenland returned to Harrisburg at midnight. He says troops will not be called out to suppress rioting at McKeesport until the Governor is notified by Sheriff Richards of Allegheny county, that he had exhausted his power. He is confident that the sheriff will be able to restore peace without the aid of the military.

WOOD HAS THE LEAD

FINE CONTEST IN NINTH CONGRESSIONAL CONVENTION TO-DAY.

Candidates All at Kokomo Engaged in an Active Canvass for Votes—Hart and Waugh Possibilities.

Special to the Indianapolis Journal.

KOKOMO, Ind., June 5.—The delegations to the Ninth congressional convention began pouring in early to-day, and during the day all candidates, accompanied by large and influential corps of lieutenants, canvassed for votes. The first to arrive was the advance guard of Tippecanoe, in charge of the Will R. Wood boom. Among his supporters were County Attorney J. B. Milner, Hon. George P. Haywood, T. W. Burt and Ed. Andrews. Next came Senator J. Frank Hanly, with a number of astute politicians working in his behalf. Boyd, of Hamilton, and Cheadle, of Clinton, arrived later in the day.

Tippecanoe has developed to a high pitch, and the outcome can only be intelligently guessed at. The chief point of interest is the sudden and startling climax in Clinton county, where Captain Hart had made a fair and honorable race for the prize and was defeated by ex-Congressman Cheadle, who came out as an eleventh-hour candidate. The magnanimity of Mr. Hart in gracefully withdrawing in the interest of party harmony and requesting his delegates over the district to vote for his successful competitor has won him many new friends, and his supporters throughout the district, outside of Clinton county, may refuse to accept his withdrawal as final. It is a generally accepted fact that Mr. Hart would have been the strongest man before the convention, a condition his competitors readily admit, since he has declared himself out. It is by no means improbable that the Hart men will take the bit in their teeth and boom their favorite through, notwithstanding the action of Clinton county.

The Wood men have brought their confidence along, and they feel sure the Tippecanoe candidate will carry off the prize. They strenuously deny the report of a defection in the Battle Ground territory, and are claiming eighty votes on the first ballot, but they maintain that he is standing at the big end of the funnel and that his strength will wane rather than increase to the point of being voted.

Hanly's friends are modest in their claims, and will be satisfied with fifty votes. They are not united, however, and each at the start, and both express themselves as satisfied with their chances. This is asserted by one of the sources of great strength at a later stage in the game. Cheadle claims about fifty votes, and the Hart men claim about the same. The evening and named committees on party organization, credentials and resolutions, and the convention proper will assemble at the driving park amphitheater at 10:30 o'clock to-morrow morning.

and the most dense are the most numerous. They all wear badges, consisting of a small piece of raw wood, fastened in the button-hole with white ribbon. This is the "Will R. Wood" (Will R. Wood). A chip also works on the shoulders of some of the delegates. Mr. Wood's friends are confident this evening. They refuse to talk second choice, but it is known that in the event of a break-up the Hart men will earnestly forward. Captain Hart came over this morning, and he is a number of the delegates. The Hart men are fully supported by his county. The report from Washington that Congressman Waugh had left for the convention, Mr. A. J. Waugh is not here and will not be here. The report of the renomination of Cheadle in favor of the Woods men, who will probably control the convention, prefer Hart should their own fortunes be in doubt.

Mr. Cheadle, who is in the habit of saying, "I am getting in my work on the day of the convention," has a stronger feeling than his competitors are willing to regard as sufficiently strong to be taken into reach of victory. Mr. Boyd, who claims in the field with the unanimous support of his own county, will start out with about forty votes. Hanly's support is from his own county, and from thirty-five to forty from other counties, and Wood will have the support of Tippecanoe's majority votes. Howard county will have some votes for all the candidates. Wood's eighty to ninety votes are not a mistake. He is a puzzle. It is not thought probable that he will be elected, but his friends are apprehensive that his first ballot will be high-water mark for him.

The work of the committee on credentials will be a mere formality, as there are no serious questions. The committee on resolutions, headed by Ex-Senator C. J. Graham, of Noblesville, will probably be chairman of the convention. Col. J. C. Seymour, of Clinton county, will make a nominating speech for Cheadle, and Boyd will be presented by Joel Stanford, of Noblesville. Judge William K. Marshall, of Williamsport, will be the handsome thing for Hanly, and Col. R. P. De Hart, of Jefferson county, will be the handsome thing for Wood. Their friends will make a hard fight for each.

The "Watch Dog's" Enemies Preparing to Show Their Teeth.

His Indian Appropriation Bill, Which Has Secured Right of Way Over Cooper's Measure, to Be Attacked

NO SHOW FOR STATE BANKS

Big Claim Against the Late Senator Stanford's Estate.

Attorney-General Olney Demands \$15,000,000 in Behalf of the United States—Trouble in Samoa.

Special to the Indianapolis Journal.

WASHINGTON, June 5.—Mr. Holman has succeeded in at last obtaining right of way for the Indian appropriation bill. After promising Mr. Cooper that he would make no objection to permitting the bill to be repealed from the exemption from taxation of greenbacks to be acted on before the Indian appropriation bill was called up, Mr. Holman impressed on Speaker Crisp the necessity for immediate action on the Indian bill, because all contracts authorized in the bill run from the first day of July, and it will be the middle of June before the Indian bill can be passed by even the House, after which it must pass the Senate and go to conference. Hence, Mr. Holman and lack of faith usually in the "Watch Dog's" assertions, was compelled to believe him in this matter and to order the rules committee to reconsider its previously formed determination to give Mr. Cooper the preference. Consequently, Mr. Holman will be permitted to gain the floor to-morrow after the defeat of the bill to repeal the present 10 per cent. tax on State banks. Mr. Cooper's bill will come up in the House as soon as the Indian bill is disposed of.

There will be some lively debate over the Indian bill. The same desire on the part of many Democratic members to repay Mr. Holman for the petty meanness he committed when he was chairman of the appropriations committee, which has succeeded in preventing him from calling up his bill for so long, will manifest itself again by savage attacks on some of the provisions of the bill. Thus, the House committee on Indian affairs, of which Mr. Cooper is chairman, will wipe out some old scores when that clause of the Holman bill comes up which appropriates \$30,000 for the irrigation of certain Indian lands. The appropriation for the Indian schools under sectarian charge is expected to involve a very heated discussion in which the A. P. A. will play a prominent part. Other sections of the bill will be similarly attacked. This determined onslaught on the Indian appropriation bill will be something entirely unprecedented, and will be a severe blow to the Holman bill. The bill, however, is a masterpiece of the acrimonious discussion which is universally predicted lies in the hands of the House committee on Indian affairs, of which Mr. Cooper is chairman, and will wipe out some old scores when that clause of the Holman bill comes up which appropriates \$30,000 for the irrigation of certain Indian lands.
